June Special Session, 2001

**Amendment**

LCO No. 9209

Offered by:

REP. STRATTON, 17<sup>th</sup> Dist.

REP. MUSHINSKY, 85<sup>th</sup> Dist.

REP. NARDELLO, 89<sup>th</sup> Dist.

To: House Bill No. 7507

File No.

Cal. No.

**"AN ACT CONCERNING THE EXPENDITURES OF THE OFFICE  
OF POLICY AND MANAGEMENT."**

1 Strike out section 13 in its entirety and insert the following in lieu  
2 thereof:

3 "Sec. 13. The Office of Policy and Management shall develop a plan  
4 for energy conservation projects in state buildings. The Energy  
5 Conservation Management Board, in consultation with the  
6 Department of Public Utility Control, shall conduct an analysis of the  
7 costs and benefits of such plan and determine whether such plan is in  
8 the public interest of the residents of the state. If the board, in  
9 consultation with the department, determines that the benefits of such  
10 plan outweigh its costs and such plan is in the public interest of the  
11 residents of the state, the department shall authorize the allotment of  
12 no more than one million dollars per month during the calendar year  
13 2002, from the Energy Conservation and Load Management Fund  
14 established pursuant to section 16-245m of the general statutes or from

15 other authorized funds to the Department of Public Works, for the  
16 purpose of implementing such plan, except that additional funding for  
17 such plan may be allotted from the general funds of the state. The  
18 dollar amount of electrical distribution companies' energy  
19 conservation and load management funds utilized for approved  
20 projects for state buildings shall be apportioned between the  
21 distribution companies in the same proportion as the kilowatt-hours of  
22 energy delivered by such companies to state buildings during the  
23 preceding calendar year."
